AMADOR COLL VERGER, "Obra reciente"

02.10.14 - 07.02.15

CCA Andratx cordially invites you to the opening of the exhibition on Thursday, October 2nd at 7pm at CCA ESPAI.

CCA ESPAI is pleased to present the new exhibition by the Mallorcan artist Amador Coll Verger (Palma, 1958), presenting the works done during 2014.

The nearly 25 works taking part in the exhibition will show a continuity with his latest works, where abstraction, colour schemes and textures will play the leading role, moving farther of the signs and collages from earlier works. The show presents works of small and medium format made on paper and canvas.

The works of Amador Coll Verger have been showed in a number of solo and group exhibitions in galleries of Spain as well as Belgium, Switzerland, Italy and Germany. He has also participated in two international biennials, the Frankfurter Buchmesse 2004 and the Miami Art Biennial 2005.
