JOAN CABRER, "Materia Sensible"

12.06.14 - 03.08.14
CCA Andratx cordially invites you to the opening next Thursday June, 12th at 7pm at CCA Espai

CCA Andratx is pleased to present the new exhibition by Mallorcan artist **Joan Cabrer** (Mallorca, 1983). Two series of work, created specifically for this project at CCA ESPAI are presented in **Materia Sensible**.

The starting point of this young artist's work is experimentation as main tool, from which new perspectives are opened up, helped by new media techniques. The bulk of his work, mainly painting, seeks representation of the confrontation between the forces of nature and the artificial; effect which is achieved through his unique use of color and form, resulting, despite his youth, in an own personal and very recognizable language.

Joan Cabrer graduated in Fine Arts from the University of Barcelona and his work has been featured in several solo and group exhibitions in recognized national galleries, such as the Galería Ferran Cano, at its Barcelona and Palma sections, Hangar in Barcelona, and museums as IVAM in Valencia and MACBA in Barcelona.
