Ismael Iglesias "Future Light"

15.03.12 - 22.04.12

The CCA Andratx is pleased to present the new exhibition by the Basque artist Ismael Iglesias (Durango, 1974). The young artist participated in the CCA Artist-in-Residence Program during October 2011 and developed a wide series of paintings shown in this exhibition. The series called "Future Light" consists of approximately 35 pieces of various formats and materials and can be seen at the CCA Gallery.

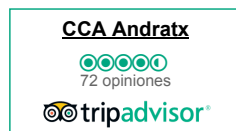

Based on experimentation with extra-pictorial elements, such as adhesive tapes and photography, Iglesias manages to transform and create his own pictorial language.

Ismael Iglesias's work has been exhibited in numerous national and international exhibitions, such as ADN Gallery in Barcelona, Delfina Foundation in London, Mass Moca in Massachusetts, Laboral in Gijón and ARTIUM Museum in Vitoria. He has also participated in several international art fairs like Art Brussels in 2007; SWAB Barcelona in 2007 and ARCO in Madrid in 2006 and 2005.
